

Dig List & Dates

Field Grown Plants

“Digging” refers to when we harvest plants from our growing fields. Certain plants will only tolerate having their roots physically cut at certain times of year. **Why does this matter to you?** This affects the availability of larger (more mature) trees. If a certain plant (i.e Birch) only tolerates April harvest, then we will only have what we’ve dug during that window. If we’re sold out of that tree, inquire about next season’s harvest, or ask about Container Grown Trees.

Click above to watch our harvest windows video.

Trees

Botanical Name	Common Name	March	Early April	Late April	Early May	Late May	June	Early July	Late July	August	September	Early October	Late October	November
<i>Acer x freemanii</i>	Freeman Maple													
<i>Acer grandidentatum</i>	Bigtooth Maple													
<i>Acer griseum</i>	Paperbark Maple													
<i>Acer miyabei</i>	Miyabe Maple													
<i>Acer x 'Norwegian Sunset', A. 'Pacific Sunset'</i>	Norwegian Sunset, Pacific Sunset Maple													
<i>Acer platanoides</i>	Norway Maple													
<i>Acer pseudo-sieboldiana</i>	Korean Maple													
<i>Acer rubrum</i>	Red Maple													
<i>Acer saccharum</i>	Sugar Maple													
<i>Acer tataricum</i>	Tatarian Maple													
<i>Acer triflorum</i>	Three-Flower Maple													
<i>Aesculus spp.</i>	Buckeye/Horsechestnut													
<i>Alnus spp.</i>	Alder													
<i>Amelanchier spp.</i>	Serviceberry													
<i>Betula alleg., B. lenta, B. papyrifera, B. populifolia</i>	Yellow, Sweet, Paper, & Whitespire Birch													
<i>Betula nigra</i>	River Birch													
<i>Carpinus caroliniana</i>	Musclewood													
<i>Carya cordiformis, C. ovata</i>	Bitternut Hickory, Shagbark Hickory													
<i>Catalpa speciosa</i>	Northern Catalpa													
<i>Celtis occidentalis</i>	Hackberry													
<i>Cercidiphyllum japonicum</i>	Katsura Tree													
<i>Cercis canadensis</i>	Eastern Redbud													
<i>Chionanthus virginicus</i>	White Fringetree													
<i>Cladastris kentukea</i>	American Yellowwood													
<i>Cornus mas</i>	Corneliancherry Dogwood													
<i>Corylus colurna</i>	Turkish Filbert													
<i>Crataegus spp.</i>	Hawthorn													
<i>Eucommia ulmoides</i>	Hardy Rubber Tree													
<i>Fagus spp.</i>	Beech													
<i>Ginkgo biloba</i>	Maidenhair Tree													
<i>Gleditsia triacanthos</i>	Honeylocust													
<i>Gymnocladus dioica</i>	Kentucky Coffeetree													
<i>Hydrangea spp.</i>	Hydrangea													
<i>Juglans nigra, regia</i>	Black Walnut, English Walnut													
<i>Liquidambar styraciflua</i>	Sweetgum													
<i>Liriodendron tulipifera</i>	Tuliptree													
<i>Maackia amurensis</i>	Amur Maackia													
<i>Magnolia x 'Butterflies'</i>	Butterflies Magnolia													
<i>Magnolia x loebneri 'Leonard Messel', 'Merrill'</i>	Messel Magnolia, Merrill Magnolia													
<i>Magnolia stellata 'Royal Star'</i>	Royal Star Magnolia													
<i>Malus 'Cultivars'</i>	Crabapple													
<i>Malus 'Coralburst'</i>	Coralburst Crabapple													
<i>Malus sargentii</i>	Sargent Crabapple
